It's hard to believe the year is half over. Thanks to Kate and Chris Nelson for organizing great events and socials the past 6 months. Many thanks to all the leads and volunteers, it takes a team effort to get up and running. If you have not volunteered for any social or maritime events this year please sign up. It's a good way to meet your club members and get to know them.

The Board has formed the Nominating Committee for the 2020 FBYC slate of officers. They are Toni Mincin, Alan Hendry, Claudia Towne, Mike Triano, and Doris Houselander. On behalf of the board I would like to thank them for volunteering their time. Any members interested of any position available on the board please contact any of the nominating committee.

I had the pleasure of presenting a LIFETIME MEMBERSHIP CERTIFICATE to PC Claudia Towne for 20 years of dedicated service and participation in our club activities. Claudia has served on the board as a Commodore, Vice Commodore, Rear Commodore, Secretary, Director and a liaison for the Bylaw Committee. Congrats Claudia for all the time and contributions.

Thank you Linda Jaeger and volunteers for another successful FBYC Luau theme. I think our members enjoyed the food. Kind of disappointed Jack wasn't around with his grass skirt/coconuts top costume.

# FBYC Social News

On June 12<sup>th</sup>, 35 members traveled to Caribbean Jacks, and beat the rain coming and leaving. Everyone had a great time socializing and satisfying their appetites with Caribbean flair specialties of the restaurant.

I wish to thank everyone that attended and to those of you who called to give their regrets. Thank you all so much!

June General Meeting Hawaiian Luau

Linda Jaeger was our lead for this meeting and did an excellent job in preparing and executing a delightful and tasty meeting. Thanks to Linda and to all of you for participating in getting the hall ready and cleared, and preparing the food for everyone to enjoy! Approximately 80 people were in attendance.

**Vice Commodore — Kate Nelson—Continued**

If you were not able to attend the June meeting, I announced that at the Board meeting, I had asked that the term “Commodore’s Social” used to identify the club’s informal gatherings be changed to “Member’s Social” as the responsibility for these events no longer falls under the responsibility of the Commodore. The Board of Directors approved the name change.

July is another and the last of the education theme meetings for this year. I know I have been pumping this up that you need to study, hope you took notes from the May meeting, and that you will be tested.

Ha! No such deal. Sorry to disappoint you. You really don’t have to bring paper and pencil unless you want to test yourself, by writing down what you think an answer may be before we give the answer to you. I either gave you interest or dread. I apologize for that.

Doris Houslander and Lydia Manoni have volunteered to be my helpers for this hopefully interactive education meeting. My intent is to make this a fun time, provide information that you may not have thought about or may be just a review for you.

USCG Auxiliary Flotilla Staff Officer Walter Franek has provided pamphlets, booklets, and other information that may be useful to you. He also included a generous amount of the Federal Requirements for Recreational Boats and Florida's Boating Requirements. These two booklets you should always have on your boat. If you were unable to get one of these during the May meeting, they will be available for you. I also received other information from Staff Officer Franek that may be of interest to you. Many thanks to Officer Franek for making this information available to us.

Edda and Jay Steinmeier are the Leads for refreshments for the meeting. They are requesting if members can bring a personal favorite appetizer, dessert, or finger food to the meeting for everyone to share. If you are able, please email or text Edda at [eddausi2@aol.com](mailto:eddausi2@aol.com) or 386-446-5403; or me at [knewmannelson@hotmail.com](mailto:knewmannelson@hotmail.com) or 386-585-5642. ## **THIS MONTH OUR FBYC SPOTLIGHT IS ON**

### **BILL AND SUSIE MOYA**

Bill's family migrated from Spain to Uruguay where he was born. There he developed a love of water and the ocean. He came to the US as a teenager with a passion for America and politics. His graduate studies were in economics and advanced political theory.

Susan was raised in a very pro-military family. Her father attended the Naval Academy and rose through the ranks to become a Vice Admiral, in charge of naval air. The F-14 Tom Cat was named after her dad. As a child she traveled a lot, but spent every summer at her family summer home where she was introduced to boating.

Both Bill and Susie migrated to Washington, DC. Bill became employed as a banker and teacher; Susie in governmental relations. They met at a party - I recall Susie telling me a few years ago that they looked at each other across the room and immediately moved toward one another. She added that Bill looked so much like Julio Iglesias that she couldn't "help herself"; she had to meet him! They were married six months later. She loves having the benefit of living a multi-cultural life, but she was not expecting to also get to enjoy the French experience ---as Bill's first wife was French. Susie and Bill now have a son, daughter, and three grandchildren in Paris. They are truly an international couple! She says that now she knows why her undergraduate degree was in Spanish; she wished she had done better in French! Her Master's Degree emphasized energy economics, engineering and business - something she needed for her work!

They moved to Florida because Bill wanted to get away from the cold, love the ocean, and wanted to get away from the DC traffic congestion. They decided on the East Coast and drove up and down the coast, Bill constantly looking at maps to find locations near water. One of Susie's corporate employers had a facility in Palm Coast with 100 employees. Bill's dream was to have a boat; Susie's to have a pool and a location to play tennis. They visited in 1991 and were attracted by the beauty and its paucity of people, found that they could achieve their goals, and decided to settle here.

They bought a boat - they had the name "Toy A Moya" long before the boat (Bill had never turned the ignition before.). They met Joey and Christine Passiglia who sponsored their membership in the FBYC, for which they are eternally grateful. Susie said they are still learning the ins and outs of boating, and hate having to flush out the engine and wait for the tide so they can get the boat back on the lift. They are grateful to club members who

**Continued on next Page**

are always offering guidance and help. Rich and Cindy and Len and “Glitzzy” helped them outfit their boat and assisted in their first raft-up; Chris and Kate Nelson have offered much assistance. Susie said they are still learning and they both thank club members who are always available to offer assistance and guidance. Both have been active in our Club; Susie now serving her second term as Secretary.

The new car/boat window stickers were a big hit, thank you to all that purchased one or more. We still have plenty in stock and will have them at future meetings if you are interested in purchasing, they are available for the low price of only \$3.

Our most popular items with the club burgee are T-Shirts, Hats and Insulated Drink Cups with the burgee engraved. Keep in mind that even though we don't display products at each meeting, we are able to order your FBYC logo item at any time. See Dawn or Doris for ordering.

Also we can offer many different items. We will have the catalog with us at the meetings if you would like to see all the different options. We ask you to be certain of your size and color when making a purchase, as there are no refunds, returns, or exchanges. All orders must be paid for at the time of purchase.

# FBYC Sale Items

**BOAT FOR SALE- \$10,300**

"Tweety" is a 2001 Chaparral Sunesta 232 deckboat. She was repowered in August of 2012 with a NEW Marine Max 5.7L 325hp fuel-injected engine replacing the original 260hp MPI. The new engine (150 hours) coupled to the Alpha drive with SS prop provides 50 mph +/- . I added a second switchable battery, a trickle charge system, and a fresh water flush. Overall condition is above average with new Bimini and full cover in 2017. The speedometer does not work and the stereo/CD player is "iffy". The boat has been lift kept since 2005. **NO TRAILER.** Bought bigger boat. **Make an offer!**
